Children Science Congress-2017

I Sub-division level

1 Science Activity Corner: In the science activity corner simple/activities related to IT/computer, Physics, chemistry, biology, mathematics, astronomy, origami, explaining miracles scientifically, low cost experiments, science through puppetry, rocket making, aerodynamics, making products from wastes etc. will be organized.

Categories:

Sr. Secondary:	10+1 & 10+ 2	Senior (Urban):	9 th & 10 th
Senior (rural):	9 th & 10 th	Junior (rural):	6 th to 8 th
Junior (urban):	6 th to 8 th		

Necessary guidelines for science activity corners:-

Participation from each school is as under:-

Sr. Secondary school	3 students (1 Sr. Sec. Group, 1 Sr. group & 1 junior group)
High school	2 students (1 sr. group & 1 junior group)
Middle school	1 student (1 junior group)

- A trained resource person will organize the corner. The students will perform activity in a group & each group will go to each and every corner.
- Students can bring innovative science ideas/model/or can explain through posters.
- Participating students will not know that they are being observed. Best two students from each category will be selected for Dist. level

2 Science quiz competition:-

A team of two students can participate in quiz competition. Team standing first in their respective categories will participate in District level.

Categories: Same as in the science activity corner.

3 Innovative science model competition (categories: 9th to 12th classes)

Guidelines: The concerned student will bring and demonstrate his/her science model. There will be open competition at Sub-Division level. For innovative science model competition there will be one category viz. students from 9th to 12th class. The students should present working science model with a concept note in Hindi/English handwritten or typed along with diagram or sketch on the prescribed format. The model should be low cost with original work. It should not repeat the conventional science principles. It should be creative, innovative and applied in concept.

1. Science Activity Corner:

Same as sub- division level. The best two talented students will be selected for state level CSC in each category.

2. Science quiz competition:

Same as sub- divisional level. The team standing 1st in their respective categories at District level CSC will participate in state.

3. Scientific project report competition:

Scientific project report competition is held only at District level only.
