Subject: "Save Soil Movement"

Dear Madam/Sir,

As you may be aware that Sadhguru, a well-known spiritual leader has launched the "Save Soil Movement" to save soil. He says that soil is the basis of our life and this planet is in danger because of the depleting layer of soil. I too agree with his views and appreciate this Movement.

Please find enclosed herewith a letter (ref: <https://bit.ly/SqLetterToSchoolEng>) personally written by Sadhguru on the need to Save Soil and a [video](https://youtu.be/SCHqnrR7600) (ref: <https://youtu.be/SCHqnrR7600>) on Save Soil campaign to bring the needed awareness among inter-alia the School Children (for video in other languages please refer bottom of the letter).

It is known to me that this is a very crucial period for the students to spare the time but supporting Sadhguru in this Movement would be a great help to humanity and our future generations.

My appeal to you is to disseminate the information regarding the Save Soil Campaign among School Children by involving them in various activities as provided in the guidelines of Isha Foundation. The guidelines contain a request for writing a letter by School children to the Prime Minister in their own language based on their understanding. You can go through the guidelines explained through a [video](http://bit.ly/SSM-Video-Schools-Eng) (ref: <http://bit.ly/SSM-Video-Schools-Eng>). Please encourage every child to participate in this movement.
