Subject: Regarding sharing of HP Samarth Assessment Dashboard for the year of 2018-19 and usage of Summative Assessment 2 published online

Madam/Sir,

This is to inform that Samagra Shiksha has digitized the results of Summative Assessment II conducted for the year 2018-19 and uploaded it on the HP Samarth Assessment Dashboard. On this dashboard, one can view and analyse class and subject-wise performance at grade and learning outcome levels for State, District/Block/Schools. It is the efforts of all the teachers, and block and district officials that has made this possible. We wish to congratulate you for contributing to this achievement. You can access the HP Samarth Assessment Dashboard at hpsamarth.com.

Tutorial videos have been created to assist users for using the dashboard. You may access them at the website in the 'User Manual' section. Instruction for printing the dashboard is also included.

Assessment data is a powerful metric to measure progress of our initiatives and to identify where we need to give more focus and improve our strategy. All districts, blocks, clusters and schools are directed to view the results on the dashboard and identify key areas where students and teachers need support.

It is expected that the following activities will be carried out:

1. Every district will present a critical view of their performance in the next state review meeting conducted at SPO.
2. Every block officer will analyse the result of schools in their block and keep the result in mind while conducting school visits to provide relevant academic support to schools.
3. Cluster head teachers will discuss the result of all schools in the cluster from the dashboard in the up-coming monthly cluster meeting. Head Teachers will analyse the result of their school and hold sessions with the teachers to identify weak learning outcomes and remediation strategies for the same.
4. Every school will display the grade level and learning outcome level dashboard in a prominent location in the school.
5. The link for the dashboard – hpsamarth.com will be disseminated widely to all teachers and parents on Whatsapp and Email
