Subject: - Regarding Establishment of Digital Helpline at 0177-3525101/02 for Support on DDT&G Applications and Portals

Madam/ Sir,

With reference to the subject cited above, it is informed that, in order to enhance accessibility for government users and provide timely support, a Digital Helpline has been set up in this department to address queries and issues raised by field offices related to the applications and portals developed by this department

This helpline is available to assist with issues related to applications such as the Himachal Online Seva Portal (eDistrict), eOffice, HimAccess SSO, MMSS Helpline, LMS, Relief Portal, Revenue Management System, and others. Every issue or query registered with the Digital Helpline will be assigned a ticket number, which will be sent via SMS for tracking its status. The Digital Helpline can be reached at 0177-3525101/02 during standard office hours. It is requested that this helpline number may be circulated to all field offices so that they can easily access support for any related queries/ issues.

Yours faithfully,

[Signature]

D.O. No. INDIA/ET/2024/INDIA/
Date: 13/10/2024

Dear Sir/Madam,

As you are aware, the Government has approved the IndiaAI mission on 7th March 2024. The Mission aims to bolster India's global leadership in AI, foster technological self-reliance, ensure ethical and responsible AI deployment, and democratize the benefits of AI across all strata of society.

IndiaAI Mission would encompass key pillars of the AI ecosystem including: IndiaAI Compute Capacity, IndiaAI Innovation Centres, IndiaAI Datasets Platform, IndiaAI Annotation & Development initiative, IndiaAI FutureSkills, IndiaAI Startup Ecosystem and Safe & Trusted AI. The Mission is being implemented by "IndiaAI" - an independent business division of LICAI India Corporation. In order to ensure the successful implementation of the IndiaAI Mission, the support and cooperation of State Governments/Union Territory Administrations are solicited.

The IndiaAI Application Development Initiative in particular will support developing/scaling/promoting adoption of AI in critical sectors by addressing problem statements sourced from various governmental institutions, aiming to catalyse socio-economic transformation.

As a part of the initiative, IndiaAI in partnership with NIC has launched the IndiaAI CyberGuard AI Hackathon. The Hackathon aims providing innovators a platform to build AI solutions to effectively manage and address the cases received on the National Cybercrime Reporting Portal.

We invite state governments to articulate the details of the hackathon and establish the local AI innovation ecosystem to participate in this initiative. For more details please visit <https://indiaai.gov.in/article-ai-for-social-justice-the-indiaai-cyberguard-hackathon>

We look forward to your active support in promoting this hackathon. Ms. Sakshi Bhatia, Scientist G and GC (AI&ET), MeitY (kbhatia@meit.gov.in - 011-2436729) will be your officer to coordinate implementation of the programme. We look forward to your support.

With Regards,

Your sincerely,

Abhishek Singh
